

Pilot user ngLTM

- Why We Are Pilot Users
 - Early Access
 - Opportunity to test and provide feedback
 - Enhanced Collaboration
 - Making sure it works on our model
- Pilot User Experience
 - So far focus on getting the model to run on our datasets
 - Running the model on latest operational datasets to identify issues
 - Testing each new release (3 so far this year)
- Plan ahead
 - Solve issues on latest release ...
 - In depth comparison of EMPS and ngLTM results
 - Streamlining parallel runs of EMPS and ngLTM

Å Energi

11,3 TWh

Yearly production from hydro power

320 000

Customers in the distribution company

320 000

Household customers in supplier companies

20 TWh

Yearly to the professional market
